## GATHERED GEMS.

Hope on, though all your dreams of life should vanish.

And mortal blossoms, like Autumn leaves decay.

Though all the phantom joys you love to chase.

Elude your grasp like spectral shades the day.

Though friends forsake and all the world deceive you.

And every mound you stand upon is gone.

Though night shuts in without one star to light you.

And tempests howl around you, still hope on.

Hope on, the howling blast will sink beneath you.

And nature's storm leave the sea more calm.

Though fate's pale steel should sweep in cycles round you.

And bid you muse upon the life of man.

Though every friend in life be called to leave you.

And all sleep or roam in distant realm.

Though death should drop his murky mantle

And earth's scenes fade with a night of gloom.

Hope on, for one passed through the gate before you.

And he will light you to the Master's throne.

Though every gem of life seems dead within you.

And you walk the Valley of Shades alone.

Though the Lord be there above you.

October. Every young lady is invited to attend this lecture, and bring her sweetheart, whether she is unfortunate enough to have one or not.

The old gobbler will get his neck rung before he is hardly expecting it this time—two parties are going to get murdered in this community at a future date. Well, if it is not (married) a piece of the wedding cake, we are going to commit—well, it can't be helped to how.

Churnings are being engaged at cutting tobacco, preparing their lands for wheat, of which a large acreage will be sown; making up sorghum is partially done.

Dr. C. Bates, of this neighborhood, has made his residence quite attractive by the application of whitewash.

Mr. F. M. Hoover is having a house pattern saved for his son. However, the mill to be erected at Buford. Excuse briefly—more next month.

PUEBLIS GAUDIIUM.

Center town News.

CENTER TOWN, KY., Sept. 23.

Editor Herald:

Breaking and preparing ground for wheat has been going on in our part of the county for several weeks, and from the signs of the times, there will be a much larger crop put in this fall than has been for a great many years, if not larger than ever before.

The heavy rains and wind some weeks ago greatly damaged corn and the fallen and tangled condition of corn will necessitate the cutting and shocking of that crop more than usual; so that corn cutting, tobacco cutting, and sorghum making constitute the work of the day.

Prof. W. G. Benton delivered a series of lectures on this place on the 12th and 13th inst. at night, on Sunday at 10 o'clock A. M., on what he saw and learned while in China and Japan.

The audience, which were fair, considering the rain of the first night and comparative short notice given, gave good attention and were much pleased.

Mr. Benton went from here to West Point church to deliver the same series of lectures there and from thence to Ceresville. He is only to be heard to be appreciated.

Our neighbors, Wes Warden and John Field, from Equality, have both moved to Hartford. We were both to give them up but then what we and Equality lose Hartford gains.

Mr. Jas. A. Fulkerson is teaching a school of young men at Equality, which bids fair to become quite interesting.

Mr. Alfred Ashby and lady spent several days visiting relatives in the vicinity of Rockport, recently.

From the fact that Mr. and Mrs. Ashby so rarely leave home.

Rev. R. D. Bennett delivered an interesting discourse to quite a crowd of people Sunday, the 21st inst. at Central Grove school house.

It is a noted fact that this has been one of the greatest water melon seasons in our history.

Whether there is any money in that business or not. Messrs. Taylor & Kimble have about 400 ready for market and aim to get about 600 more.

Messrs. Taylor & Kimble are into the business about right having built them a comfortable house and are going to keep house in good style.

Mr. Larkin Williams returned a day or two ago from Evansville, Ind., where he had just been with a raft. L. Cass Morton, one of our most industrious and enterprising citizens, has a contract for, and will deliver a large number, perhaps 2,500 or 3,000 bushels of coal to Ceresville.

Mr. Phipps Rowe, who has been sent to her bed for the last 3 or 4 months, is slowly improving.

Mr. E. R. Ashby, who has been in declining health all the spring and summer, is now rapidly falling and it is thought she cannot live much longer.

Wm. Taylor, of the Point neighborhood is slowly recovering from a spell of long and painful illness.

John S. Moore Acquitted.  
The trial of John S. Moore, for the killing of Stearnman came up in the Ohio Criminal Court again last week. The contest was a spirited one, the counsel on both sides putting forth their best efforts; but the shrewdness, ability and fine legal attainments of Hon. E. D. Walker proved too much for the commonwealth. Moore was acquitted, the jury agreeing in a short time. Mr. Walker's argument before the jury was pronounced by those who heard it to be one of the ablest efforts of his life, which is saying a great deal. Moore was convicted on a previous trial and sentenced to nine years in the penitentiary. The judgment was appealed and reversed, and now, thanks to the good management of the case by his attorneys, Walker & Hubbard, more than to any other cause, he goes scot free.  
Destructive Fire in Livermore.  
On last Saturday morning about 10 o'clock the lively stable of John Hudson was found to be on fire. We did not learn the name of the person occupying the stable. From this it spread nearly all over the little village, consuming sixteen houses, among the number is the Southern Methodist church, Reid's tobacco house, Hillsman's drug store, Garey's Grocery. There were five vacant store houses burned. There was no insurance on any of the property consumed so far as we can learn. We understand that Capt. Bell had a large lot of tobacco in Reid's warehouse, and that his losses are about five hundred dollars. S. W. Rowan lost about five hundred dollars worth of goods, which is covered by insurance. Capt. Bell estimates the loss at eighteen thousand dollars. The fire is supposed to be the work of an incendiary. On last Wednesday night an old store house adjoining the lively stable was found to be on fire, which by extra effort was extinguished, and it was thought to be the work of an incendiary. This is quite a blow to the little village and it will take it a long time to recover. We are indebted to Mr. Sam T. Barnett, who was on the grounds just after the fire for the particulars given herein.  
LATER.—The organ of the Methodist church at Livermore was also burned, which cost a considerable amount of money. The lively stable burned was occupied by Mr. Bridges. He also lost his dwelling house, which belonged to Mr. Reid, of Owensboro.  
A Card from Mr. P. E. Hocker.  
BEAVER DAM, KY., Sept. 28, 1879.  
Editor Herald:  
Seeing from last week's HERALD that I am getting to be a very noticeable personage, I have concluded to write a little. "Henri" in his letter tries to make it appear that I am a very hard man to get along with, and exaggerates to the enormous extent, that in my school I would not allow one pupil to speak to another pupil of different sex, though of the same parents. Every one about Beaver Dam knew better, and "Henri" too. "Henri" just wanted to publish a wicked lie for a willful malicious purpose. Every sensible man or woman who knows me can believe his statement for a moment. That I would make such requirements as that of my pupils would be a great reflection upon the Board of Examiners who gave me my certificate, and a still greater stigma upon the trustees of this district, who were the majority in making these laws, all of whom are gentlemen of the highest sense of honor and right. After due consultation with the trustees and mutual agreement with them, I did make this restriction, that no pupil will be allowed to escort or be escorted by another pupil or any one else, or have any general conversation, such as would lead to a courtship, during the school term. Nine becoming guilty, I suspended them, and I believe the common school law sustains me.  
There being some young men attending who are their own guardians, the trustees thought it proper for their benefit, though the law does not require it, to call a meeting of the patrons and see what the general sentiment would be. They did so and all, except one, heartily endorsed my course, and recommended that the trustees and the teacher attend to the matter themselves. The trustees concluded that they would allow them (the pupils) to control themselves on Saturday and Sunday, but that we would hold them to the strict requirements of the law the remaining time. Now, I submit to what they say, though I am fully satisfied it is not best. "Henri" has been writing as much about me as I want to hear unless he can have a better regard for truth. If what he wrote was true it would not be courteous, nor manly in him to have published, nor would it do him any good. In one of his former letters he said in substance that I was popular only with two or three persons here. "Henri," if you want to see who has the most friends here, you or I, just come along and we'll count most any day. I am quite willing to submit to the verdict given by the people here as regards our character and general deportment while we have been, and are citizens of Beaver Dam. I sincerely hope "Henri" that you will get out of the dirt, be a man, and so reform your life that you will be respectable here. This is the sincere desire of one who wishes you no harm, but longs for your greatest prosperity.  
Respectfully,  
PHILIP E. HOCKER.

A new visitor last night furnishing the children with new shoes for the winter. Jack is all right—saving our corn from being rotted by the fall rain, it being so badly blown down.  
Mrs. Mosley has recently moved into our neighborhood. We find her to be a very nice lady, and Bean, her oldest son, is one of the finest fellows we know of, having supported a widowed mother and two little children, since 14 years of age, and you bet the girls think him all right.  
Hines & Co. have completed their new dam.  
J. W. Thomas says he likes Beans better this year than he ever did, especially Miss—, you all know.

"Torch," I care nothing about how large your chickens are, I only spoke of ours to let you know something about what we have up here. I can only boast of four chickens in one respect, our eggs sell for more than your chickens do at frying time, and as to your shot, you had better save your ammunition for sure game. I am ready for you.  
Mr. Charles Blacklock and family, who have been visiting relatives for several weeks past, returned home last Friday evening. They were accompanied by Miss Sallie Gentry, of Princeton, Ind., grand daughter of Major T. J. Barrett. She will remain several weeks visiting relatives.

SMART WEED.  
Baptist Sunday School Convention.  
A Baptist State Sunday School Convention will be organized Oct. 14th, in the Walnut Street Baptist Church Louisville, at 10 o'clock, a. m., and will hold its session two days. Arrangements have been made with the railroads for cheap transportation, and homes will be provided for all delegates. Each Sunday School is entitled to at least one delegate, and one additional for every fifty members of the school. Churches without organized Sunday Schools are entitled to one delegate for each church. Reports are expected from all schools, giving number of officers, Teachers and Scholars; amounts contributed to objects; number of months in session; name and post-office address of Superintendent.

"I was troubled for many years with Kidney Complaint, Gravel, &c.; my blood became thin; I was dull and inactive; could hardly crawl about; was an old worn out man all over; could get nothing to help me, until I got Hop Bitters, and now I am a boy again. My blood and kidneys are all right, and I am as active as a man of 30, although I am 72, and I have no doubt it will do as well for others of my age. It is worth a trial."—Fisher. 39-2t  
PERSONAL.  
Mr. J. D. Crow, of this county, called to see us last Thursday. He left Friday for Bethany, West Virginia, where he will attend Bethany College the present session. Mr. Crow attended this Institute of learning last session and is well pleased. He favors this Institute because of its thoroughness and also because it allows students to take their positions in the different classes that their attainments entitle them to. Mr. Crow is a hard student, and we wish him success.  
Mr. Claude L. Berry, for some time local editor of the Madisonville Times, has resigned his position and engaged in the legal profession.  
Mr. W. H. Griffin, of Elizabethtown, has been in town several days attending Criminal Court. Henry will have charge of the Floral Hall at our fair.  
Mrs. Lou E. Barrett, of Sacramento, is in town visiting relatives, and attending the fair.  
Mr. Charles Blacklock and family, returned last week from an extensive visit to relatives in southern Indiana and north-western Kentucky.  
Miss Sallie Gentry, of Princeton, Ind., is visiting relatives in this county. Miss Gentry is a niece of ours.  
Jack Frost, Esq., paid the citizens of Hartford a short visit last Thursday night. He arrived after night and left about sunrise next morning. He will probably visit this vicinity again soon.  
Rev. T. J. Randolph and wife, left Monday to attend the Louisville Conference, which meets in Madisonville, to-day. We hope the Conference, in its wisdom, will return Bro. Randolph to our circuit again.  
Miss Maggie Moseley, who has been visiting the family of Mrs. Moseley, of Livermore; returned home a few days ago. She was accompanied by Miss Fannie Moseley, who will remain during our fair.  
Wm. T. Miller, clerk of the Grigsby House, Calhoun, Ky., is in attendance at our fair. We had the pleasure of a call from him while here.  
Miss Irene Eaves, of Sacramento, Miss Jennie Short, of South Carrollton, are in attendance at our fair, the guests of Mrs. Bettie Rowe.  
Mrs. Bridges and Miss Josie Skilern, of Morgantown, are the guests of Mr. and Mrs. Henry Field during the fair this week.  
Miss Nellie Gates, an amiable and interesting young lady of Calhoun, Ky., is the guest of Miss Logie Walker.  
Miss Lizzie Walker, who has been visiting friends in Warsaw, Ky., returned home last Monday. She was accompanied by Miss Birdie Pulliam, who will remain several weeks visiting relatives.  
Dr. J. F. Dewitt, a former citizen of this county, now located in Allensville, Todd county, Ky., called on us Monday morning. We were glad to meet the warm generous friend of younger days.  
Judge R. S. Mosley is on a business trip to Evansville.  
McHenry Coal in Demand.  
We have just laid in our coal for the winter. Last year we burned Pittsburg coal at the cost of 18 cents per bushel. This fall Gen. Dawson proposed supplying us with coal from the McHenry mines at the cost of 11¢ cts. The difference in price was so marked, that we determined, notwithstanding our predisposition in favor of Eastern coal to give the McHenry a trial. We believe for all ordinary purposes this coal is fully equal to the best Pittsburg, and certainly our people will no longer send their money out of the State and pay 50 per cent. more for coal when the McHenry mines furnish coal just as good and at such small cost. Gen. Dawson will take orders for this coal, delivered at the depot at Mumfordsville or Rowletts, at 11¢ cents per bushel. This is cheaper than wood if it costs you nothing but the chopping.—Hart County Democrat.

News Extraordinary.  
Mr. Will Goldstein, the optician of Owensboro, Ky., is in town and will remain here during the fair week. Those with weak or failing vision would do well to see Mr. Goldstein and have a pair of spectacles adjusted to their eyes. He has roomed at the Hartford House.  
Something New in Rockport.  
R. Torrence & Co. have a steam flouring mill now in successful operation in Rockport, and can make as good flour and meal as any mill in the Green river county. All custom work done with dispatch. They want to buy wheat and sell flour. Give them a trial. 36-1t

Ten Broeck Answered.  
Editor Herald:  
Our attention has been called to the Beda items that were printed in the HERALD, Sept. 17th. Some of them we think were quite correct. We will explain that the "rimless sugar bowl hat" mentioned was a cap instead of a hat, that has been in vogue for the past three months; but we suppose it was the first one that Ten Broeck had seen, from his remarks. But then how should he know the difference between a hat and a cap, considering that he has had that disease commonly called the big-head, for so long a time. It is reasonable to suppose that it has affected his sight and his brains also, if he ever had any. We are sorry indeed, that there is one in our community that is so ungentlemanly as to speak of a lady in that way, and also think it a great pity that the name of that famous racer should be thus disgraced by being assumed by such a bundle of conceit.  
We think Ten Broeck is of an envious disposition. Whether he envied "the girl of the period," the attention she received or whether he was envious of the gentleman that sat by her, we are unable to say; but in either case, he took a "poor way to help himself." He must not depend too much on the fact that Ten Broeck never has been beaten; he is indebted to "the girl of the period" for not having been beaten ere this, when she heard the intentions of some of her friends. She requested them to let him alone, she thought it wrong to strike a FOUL. We will excuse Ten Broeck on account of his ignorance this time, but do not rely on our leniency too much, or we might be more personally at next time.  
A FRIEND TO "THE GIRL OF THE PERIOD."

Editor Herald:  
Hail! Hail! Hail! A hail storm passed through our little town Sunday, the 7th inst., doing considerable damage. Tobacco is completely ruined with the hail. The farmers are discouraged. The corn crop is damaged considerably by the wind.  
Rev. T. J. Randolph preached his farewell sermon for the summer year at Mt. Vernon on the 10th inst., to a very large audience. May his work in the divine truth ever be crowned with success.  
W. H. Coppage, who is now teaching the New Baymus school, reports that he has a flourishing school. Hardin has a bright prospect in the future.  
W. E. Bean, our energetic druggist, has just returned with a fresh supply of medicines. Tip is a clever young man—we wish him success.  
Miss Amanda Acton, who has been visiting the family of her uncle, William Crawford, of Grayson county, the past month returned home Monday. No more boss cradling at present.  
Cobb visited our town recently. Look out, widow ladies. Uncle C. means business.  
Prospects bid fair for another wedding soon, for we heard an old bachelor murmur to his damsel the following:  
My heart to you is given,  
Please give yours to me  
We'll lock them up together  
And throw away the key.  
Messrs. E. B. Medcalf and G. S. Mann are anxious to go West shortly.  
May the HERALD's banner ever wave in triumph is the wish of ORANGE.  
The Ohio County Fair.  
The Ohio county fair commences at Hartford next Tuesday, Sept. 30th, and continues five days. We understand the managers have made extra preparations this year, having built a new amphitheatre and made other additions to the grounds, and expect this entertainment to surpass any they have yet given. Their speed ring is an excellent one and they promise liberal. Ohio county has earned an enviable reputation by her fairs heretofore, and all who have attended came away well satisfied. The railroad company have reduced the fare from Greenville and intermediate points to one and one-fifth for the round trip, while similar arrangements have been made at Beaver Dam for transportation to the grounds. We have a goodly number of our citizens will take advantage of this opportunity of visiting our sister county next week.—Echo.

An Aged Mule.  
Mr. Green Hooker, living near Beaver Dam, this county, has a bay mule which is now in its thirtieth year. It has helped raise a large family and bids fair to live another half score.

—That the Phonograph can "bottle up" the voice and pass it down to future ages is indeed a wonder, but is not the restoration of a lost voice more wonderful? And yet Dr. Pierce's Golden Medical Discovery speedily restores a lost voice, cures hoarseness, sore throat, bronchitis, and consumption. Many ministers who had abandoned the pulpit, by reason of sore throat and general debility, have by the use of the Discovery, been restored to perfect health and strength. Sold by druggists.

On the night of the 24th Mr. Wade Bourling led to the altar Miss Amelia Stuedel and were united in holy wedlock, the witness officiating. May they live long, happily and prosper.

—Mr. A. S. Aull, the new P. M. at Sulphur Springs has consented to act as agent for us at his place. He is duly authorized to receive subscriptions, advertisements or orders for job work. Any one in that vicinity owing us a subscription can pay the same to him.

—The physicians of this place complain of business in their profession as being quite dull.

—MARRIED.—On Thursday, September 25, 1879, at the residence of the bride's father, Mr. Tolbert Leach, by Rev. Jas. C. Davis, Mr. J. N. Oldham to Miss Josephine Leach. May sunshine and flowers brighten their pathway.

—Of course our readers will notice the handsome advertisement of the McHenry Coal Company's store. Mr. Duncan, the Superintendent, is one of the best business men in the county and will sell goods as he buys them—low down.

—Our young friend, H. B. Kinsolving, was licensed to practice law by the Ohio Criminal Court last Friday. He was examined by Hon. S. E. Hill and John Chapeze, Esq., two of our best lawyers, who, after due examination, recommend him cheerfully as in every way worthy and well qualified. We predict for him a bright future.

—The Davies county Fair succeeds ours, and begins at Owensboro next Wednesday. It is useless to predict a good fair, for they never have any other sort there.

—The Park City Minstrels gave their first performance Monday night. Those attending were well pleased with the performance. In order to accommodate the old and young, rich and poor, they have reduced the price of admission to 25 and 15 cents. This is very low and those wishing a feast of reason and flow of soul should not fail to attend.

### To Prevent and Cure Coughs and Colds

A reliable remedy is necessary in every household. Parker's Ginger Tonic is just the medicine needed. It radically cures Coughs, Colds, Sore Throat, Bronchitis and even Consumption if used in time, by its powerful specific action on the Stomach, Kidneys, Skin, Liver and mucous surfaces of the Throat and Lungs. It accomplishes the cure in a wonderfully short time, and removes all pain and soreness from the lungs. ### Bogus Certificates.

It is no vile drugged stuff, pretending to be made of wonderful foreign roots, barks, &c., and puffed up by long bogus certificates of pretended miraculous cures, but a simple, pure, effective medicine, that furnishes its own certificates by its cures. Refer to Hop Bitters, the purest and best of medicines. —Exchange. See another column.

### Heaven's First Law.

It is absolutely demanded that the mental and physical laws of our nature should be kept in equilibrium. System and order must be recognized as fundamental, and a departure entails sickness, disease and death, as penalties. To be healthy, beautiful and buoyant, the whole constitution must maintain regular action in all its component parts. A female who imprudently exposes herself and becomes prostrated with headache, pain in the back, fever, irregular or suppressed monthly action with constipation and loss of appetite must be restored to regular action, must be revitalized, recuperated at once, and for this very purpose nothing equals Dr. Dromgold's English Female Bitters. It is prepared expressly for all such diseases.

### "TELL IT NOT IN GATH, PUBLISH IT NOT IN THE STREETS OF ASHLON."

But herald it in all the unwarlike cities and towns round about, and in the rural districts far away, for the benefit of whom it may concern, that a fact, startling and true, is being made upon the minds of the American people, male and female, convincing them of the necessity for each man and woman to send 50 cents to any drug store for one bottle of Bailey's Saline Aperient, for the positive cure of sick headache, constipation, heartburn, biliousness, indigestion, etc. It is cooling, sparkling and pleasant.

### ARKANSAS SWAMPS.

Many pale-face individuals who reside near the swamps and still breed cess-pools of malaria are known to be sufferers from chills by their very appearance. They soon become chronic and are then almost impossible to cure. Such cases are easily and immediately cured by the use of Day's Ague Tonic, the most powerful antiparasitic and blood cleanser now before the public. It acts directly upon the secretions.

### Owensboro Junction.

Editor Herald: We are having a good meeting at this place. The attendance is very large and attentive. Some expressed a desire for prayers last night. We hope for a great meeting yet. Notwithstanding the good meeting we are having, young people will marry.

On the night of the 24th Mr. Wade Bourling led to the altar Miss Amelia Stuedel and were united in holy wedlock, the witness officiating. May they live long, happily and prosper.

D. J. K. MADDOX.

Though Shaking Like an Aspen Leaf With the chills and fever, the victim of malaria may still recover by using the celebrated specific, Hostetter's Stomach Bitters, which not only breaks up the most aggravated attacks, but prevents their recurrence. It is infinitely preferable to quinine, not only because it does the business far more thoroughly, but also on account of its perfect wholesomeness and invigorating action upon the entire system. Testimony is concurrent, positive and ample showing the decisive nature of its effects, and that it is no mere palliative. Physicians concede its excellence, and there is a constant influx of communications from persons in every class of society avouching its merits, and bearing witness to its superiority over other remedies for malarial disease. It is especially popular throughout the West, wherever fever and ague prevails, as it does in many of the fairest and most fertile portions of that vast region.

### Excursions Rates to Our Fair.

The Paducah and Elizabethtown Railroad Company will sell tickets at Litchfield and Greenville and all intermediate ticket stations to the Fair in Hartford at one and one-fifth fare for the round trip. Tickets will be sold on all the days of the fair and be good to return until the day after it closes, viz: October 5th. Our neighbors from Grayson and Muhlenberg will surely turn out en masse and come and see the sights at our fair as they can come so cheaply. Mr. J. S. Vaughn will bring them from and return them to Beaver Dam at half rates.

## TUTT'S PILLS

are extracted from Vegetable products, combining in them the Mandrake or May Apple, which is recognized by physicians as a substitute for calomel, possessing all the virtues of this mineral, without its bad after-effects.

### AS AN ANTI-BILIOUS MEDICINE

they are incomparable. They stimulate the TORPID LIVER, invigorate the NERVOUS SYSTEM, and give tone to the DIGESTIVE ORGANS, creating perfect digestion and thorough assimilation of food. They exert a powerful influence on the KIDNEYS and LIVER, and through these organs remove all impurities, thus vitalizing the tissues of the body and causing a healthy condition of the system.

### AS AN ANTI-MALARIAL REMEDY

They have no equal, and as a result act as a preventive and cure for Bilious, Remittent, Intermittent, Typhoid Fevers, and Fever and Ague. Upon the healthy action of the Stomach, depends, almost wholly, the health of the human race.

We therefore say to the afflicted Try this Remedy fairly, it will not harm you, you have nothing to lose, but will surely gain a Vigorous Body, Pure Blood, Strong Nerves and a Cheerful Mind.

### Cathartic Pills

Combine the choicest cathartic principles in medicine, in proportions accurately adjusted to secure activity, certainty, and uniformity of effect. They are the result of years of careful study and practical experiment, and are the most effective remedy yet discovered for diseases, caused by derangement of the stomach, liver, and bowels, which require prompt and effective treatment. AYER'S PILLS are especially applicable to this class of diseases. They act directly on the digestive and assimilative processes, and restore regular healthy action. Their extensive use by physicians in their practice, and by all civilized nations, is one of the many proofs of their value as a safe, sure, and perfectly reliable purgative medicine. Being composed of the concentrated virtues of purely vegetable substances, they are positively free from calomel, or any injurious properties, and can be administered to children with perfect safety.

AYER'S PILLS are an effective cure for Constipation or Costiveness, Indigestion, Dyspepsia, Loss of Appetite, Foul Stomach and Breath, Dizziness, Headache, Loss of Memory, Numbness, Hiccups, Jaundice, Rheumatism, Eruptions and Skin Diseases, Dropsy, Tumors, Worms, Neuralgia, Colic, Gout, Diarrhea, and the Dysentery, Gout, Piles, Disorders of the Liver, and all other diseases resulting from a disordered state of the digestive apparatus.

As a Dinner Pill they have no equal. While gentle in their action, these PILLS are the most thorough and searching cathartic that can be employed, and never give pain unless the bowels are inflamed, and then their influence is healing. They stimulate the appetite, invigorate the organs; they operate to purify and enrich the blood, and impart renewed health and vigor to the whole system.

## EDUCATIONAL.

EDITED BY W. L. HAWKINS.

The law fixing the number of months a school must be taught, frequently works as much mischief as good. In many districts, there are perhaps half, or more than half, who will pay nothing for the support of a school. They know that the number of scholars in the district entitles them to a five months' school, and this satisfies their every desire. They have no objection to a good teacher, but the trustees must procure one the best way they can. It is as much as they can stand to supply the children. They will pay no money. Men who are anxious for the proper education of their children are, thus often forced to send them to poor teachers, or send them away from home to be taught. The trustees should be allowed to make the best bargain with a teacher they can, proclaim so much of the school as the fund will pay for, and thus have a school for all alike—those who pay, and those who do not.

TEACH your pupils the practical things that, in your opinion, they need to know. Keep pupils when they are not reciting, at work on slates, blackboards or other definite exercises.

If you would have your child brought into contact and association with men and women of culture, see to it that such men and women are secured for teachers. The influence of the teacher on the child is next to that of the mother.

ATTENTION is the power of the mind to direct its own activities. It is the concentration of the mental energies upon one thing at a time. The art of teaching is based on the art of securing and holding the attention of the learner.

Yes, it is a fact, that when you educate the boys and girls, you get back much more than you give. You get back intelligent, law-abiding, wealth-producing citizens, who pay their own way, and enrich the State. It pays to educate all.

PERSUADE the parents to visit your school, even if you have to do so by means of an exhibition in which "their children" take a part. School directors and trustees are your legal superiors in office. Argue with them, persuade them, but do not contradict them.

FREQUENT reports to the "educational column" of the papers of the county, as to what our teachers are doing, will, of course not only interest, but inform the taxpayers in regard to what is being done with the money paid to sustain the schools.

WHEN the people see that they are getting the worth of their money for the work done in the schools, and more too—they will cheerfully furnish all the means necessary to pay for this valuable work, and do it cheerfully and promptly.

WHATEVER else is learned or not learned, a child leaving the public school at 13 to 15 years of age, should be able—

1. To read well and to spell well.
2. To write a neat, rapid, and legible hand.
3. To put accurately any question in arithmetic involving the four rules and interest, that may arise in the common business of life.
4. To speak correct English, and to write a letter of business or friendship neatly and correctly.
5. To use his faculties in observing the facts of the visible world around him and to judge according to evidence.

IN Illinois a State Certificate entitles the holder to teach in any county and school district in the State without further examination, and is valid for life, or so long as the personal and professional reputation of the holder remains unimpaired. It is, therefore, not only the highest honor to which a teacher can aspire, but it is also an important business value to all professional teachers. It is the object of the law under which these certificates are held, specially to recognize and honor those experienced and successful teachers who have given character and dignity to the profession, and to enable them to furnish to young teachers a proper incentive to honorable exertion.

We can never raise schools to the highest condition of usefulness without ready, constant and cheerful parental co-operation. Too many parents think that their responsibility ceases when they send their children to school. It is true that most of the daily work—the actual teaching—must be performed by the instructor; but parents may do much to encourage, stimulate and assist both teacher and pupils. By sending their children seasonably and constantly, by visiting the school, and in many other ways, they may prove helpful to the teacher. If the German maxim, "As the teacher, so the school," is true, it is not equally a fact that, "As the parents, so the teacher and the school."—*Industrialist.*

CAN you write a letter, date it, sign it, and plainly and properly direct it? If you can do this, can you leave every pupil before he or she leaves the school, how to do this necessary and important thing?

Look at this fact! As many as 50,000 defectively addressed and misdirected letters have been received in the New York postoffice in one day. Many letters do not bear the name of State or county, and in view of the repetition of the names of postoffices, no little difficulty is involved in securing the correct transmission of a great deal of mail matter.

Always put on the name of the State and county, and write your own name plain. Sign your full name to all letters. To give some idea of the liability of letters going astray that are not directed with the name of the State as well as the county and postoffice, the following list is given:

There are in the United States the following postoffices bearing the same names: 20 Washingtons, 25 Springfields, 7 Philadelphias, 18 Brooklyns, 22 Richmonds, 12 Bostons, 16 Middletowns, 20 Williamstons, 5 Baltimores, 10 Bangors, 16 Buffalos, 17 Burlingtons, 7 Charltons, 4 Chicagos, 8 Cincinnati, 10 Cleavelands, 25 Dayton, 15 Louisvilles, 15 Lewells, 3 Milwaukees, 14 Nashvilles, 15 Quincy, 12 St. Pauls, 7 Toledos, 13 Wilmingtons, 5 Omahas. This list might be extended to more than 250 different and familiar names.—*American Journal of Education.*

## DEFERRED MATTER.

The Owensboro and Nashville railroad trains will begin carrying mails October 1st.

JUDGE W. J. SANDS, who succeeded Judge Hargis, died of congestion of the brain on the 15th instant.

R. W. LILLARD has retired from the Kentucky *Visitor*, and is succeeded as editor, by A. B. EIKIN.

HON. ERASTUS BROOKS, of New York, has left Tammany, and will support Gov. Robinson.

MAN learns wisdom by experience. Did you ever know a man to wake the baby the second time to see it laugh?

CAPT. R. H. FITZGUGH will soon begin a survey of the Green and Barren rivers; ordered by the Government.

The State of Kansas has been settled a quarter of a century. The event was celebrated at Leavenworth on the 17th inst.

THE annual session of the Daviess County Teachers' Institute, will be held in Owensboro on the 6th, 7th and 8th of October.

DANIEL DREW, the great Wall Street operator of New York, drew his last breath on the 17th inst. Aged eighty-two years.

The Grand Jury of Daviess county returned 43 indictments at the recent term of Criminal Court, one of which, was against the County Court for failing to have a suitable jail.

THE Green River Mechanical and Agricultural Association will be held at Munfordsville, commencing October 14, and continuing four days. Thanks to the Secretary for a complimentary invitation.

GOV. BLACKBURN pardoned 15 convicts from the time of his inauguration, Sept. 21 up to the 20th. If he keeps on at that rate, it will save our taxpayers the cost of enlarging the penitentiary.

MISS MARGARET HAUGURY, of New Orleans, a woman engaged in the bakery business, contributed \$400 of her earnings of the last 30 years work for the support of the orphan children left by Gen. J. B. Hood.

THE members of the press of Southern Indiana meet in convention in Evansville to-morrow. Many of the brethren from Southern Kentucky have been invited. We return thanks for an invitation, and regret our inability to attend.

We were not aware until informed by the *News* last week, that there was a detective of any note in Louisville who answered to the merry name of Blythe. We had frequently heard of "Yankee" Bligh, of Louisville, who as a detective, has a fame almost world-wide.

JAY GOULD, of New York, has made another donation of \$5,000 to the yellow fever fund. We think it will be easier for a rich man to enter the Kingdom of Heaven than for a camel to pass through the eye of a needle.

OUR old friend, James T. Carson, formerly of Butler county, but recently of the firm of Carson, Bowman & Co., of Louisville, has succeeded D. G. Hanson & Co., Commission Merchants, of Louisville. The new firm is J. T. Carson & Co.

LYNNLAND Institute, Glendale, Hardin county, Ky., closed its doors last Friday, for want of patronage. The school opened this year with only nine students. The principal, Gen. Wm. F. Perry, is worthy of better, in fact the very best success; and we regret the suspension of the school.

GENERAL GRANT reached California last Saturday, and a great ovation was given him by the stalwart Republicans and many others; but the workingmen, with Kearney at the head, being indignant meetings, and denounced Grant and those managing the reception given here, in language not to be misunderstood. Kearney even went so far as to threaten to burn Grant in effigy.

THE *Elkton Register*, published at Elkton, Todd county, Ky., closed its first volume on last Thursday. The editor and proprietor, Mr. Frank Bristow, has sufficient encouragement from the people of Todd county to enter into the second volume with flattering prospects of success for the permanent establishment of the *Register*.

GOVERNOR BLACKBURN has appointed Dr. Robert H. Gale, of Louisville, Superintendent of the Central Lunatic Asylum at Anchorage, in place of Dr. Forbes who resigned. The appointment is regarded by those acquainted with Dr. Gale as a very good one. Dr. Irvin Keller, who has been the assistant for the last four years, will be retained.

THE Greenbackers of Massachusetts nominated Gen. B. F. Butler for Governor. On the 7th inst. one wing of the Democratic party met in Worcester and nominated Butler too. The Democratic convention, it is said, was the largest one of the kind ever held in the State, there being 1,723 delegates present representing 19 cities and 319 towns. Will not old Ben-Jam-in this time? We guess he will.

A COUNT of the vote cast in the recent election in Maine falls up as follows: Democrats and Greenbackers.....68,580 Republicans.....68,012 Majority against Republicans..... 568 This shows how the wind blows. Only a few years ago the Republicans, without effort, carried the State by majorities ranging from 15,000 to 40,000. In the recent election the Republicans did all in their power in every way and are left behind. With the right kind of a ticket Maine will go against the Republicans in 1880. The Legislature is Republican, and will elect Davis, the Republican candidate for Governor.
